Decision Making

TRAVI

TRAVEL SMARTER

TRAVI

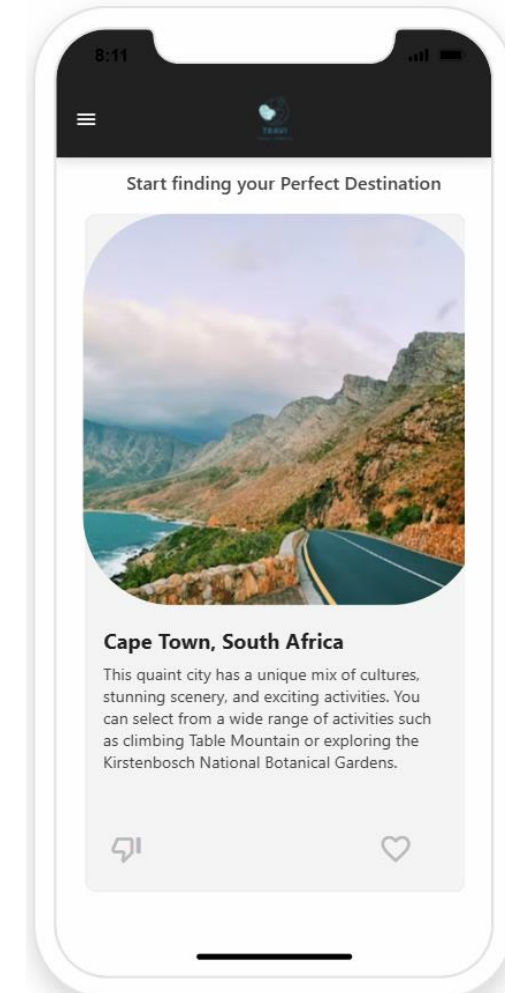

TRAVEL SMARTER

Solution

The all-in-one-app for group travel:

- Planning
- Coordination
- Booking & cost management

in real time – no chaos, no app switching

Key Features

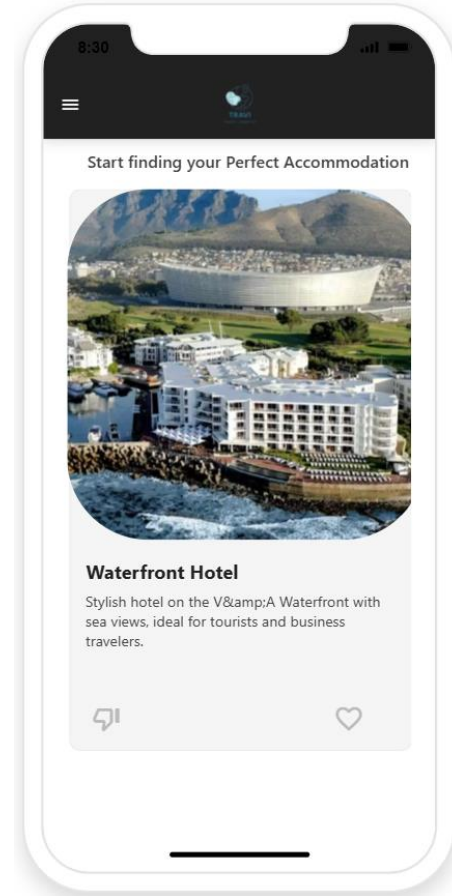

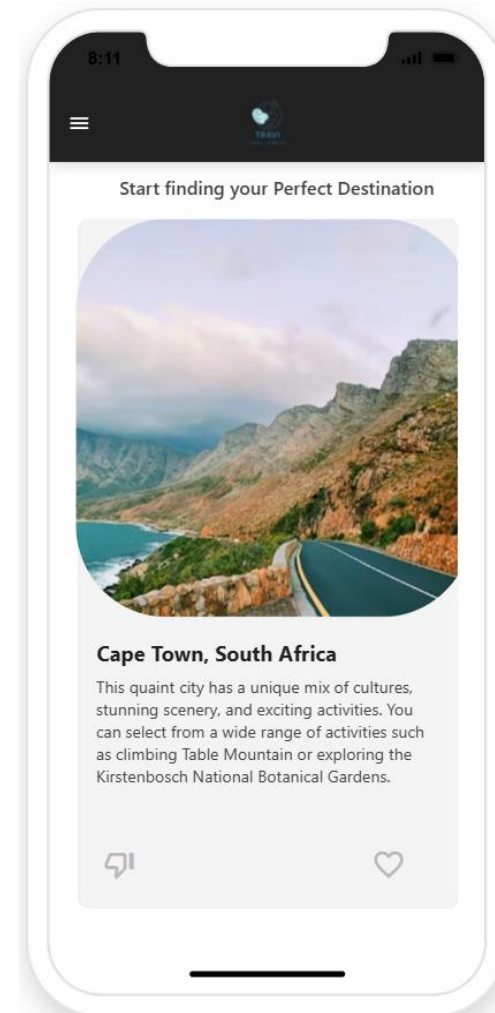

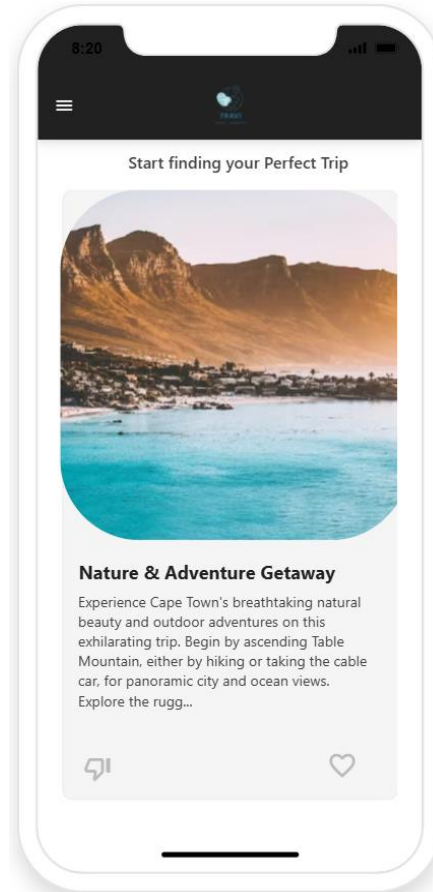

- "Swipe" Function
- AI-Powered Trip Planning
- Logical Granularity

Why does our product work?

- Our logical structure—from destination to details—enables intuitive planning¹
- Gamification has a proven, positive impact on user engagement²

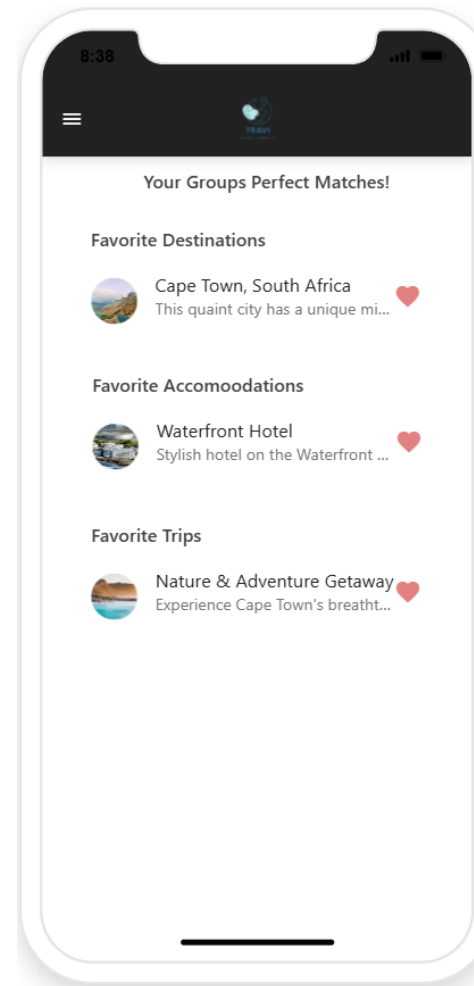

¹Validated through Interviews

²"Does gamification work? – A literature review of empirical studies on gamification"
"The Effect of Gamification on Motivation and Engagement"

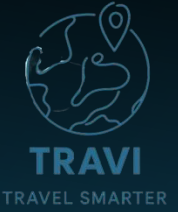

Group Features

- Central Group Hub
- „Your Groups Perfect Matches“
- Data-driven suggestions instead of endless discussions¹

¹Validated through Interviews

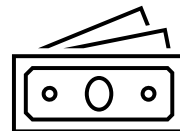

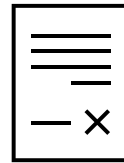

Business Model

How do we make money?

Comission only

- 15-25% Comission for Booking.com
- Out of that 5-7% Comission for Travi

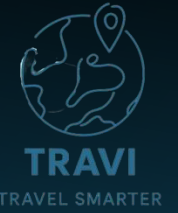

Who is our partner?

Booking.com

- We will generate comission for Booking.com
- We are partnering by using Booking.com's API (Hotels, Flights, Events)

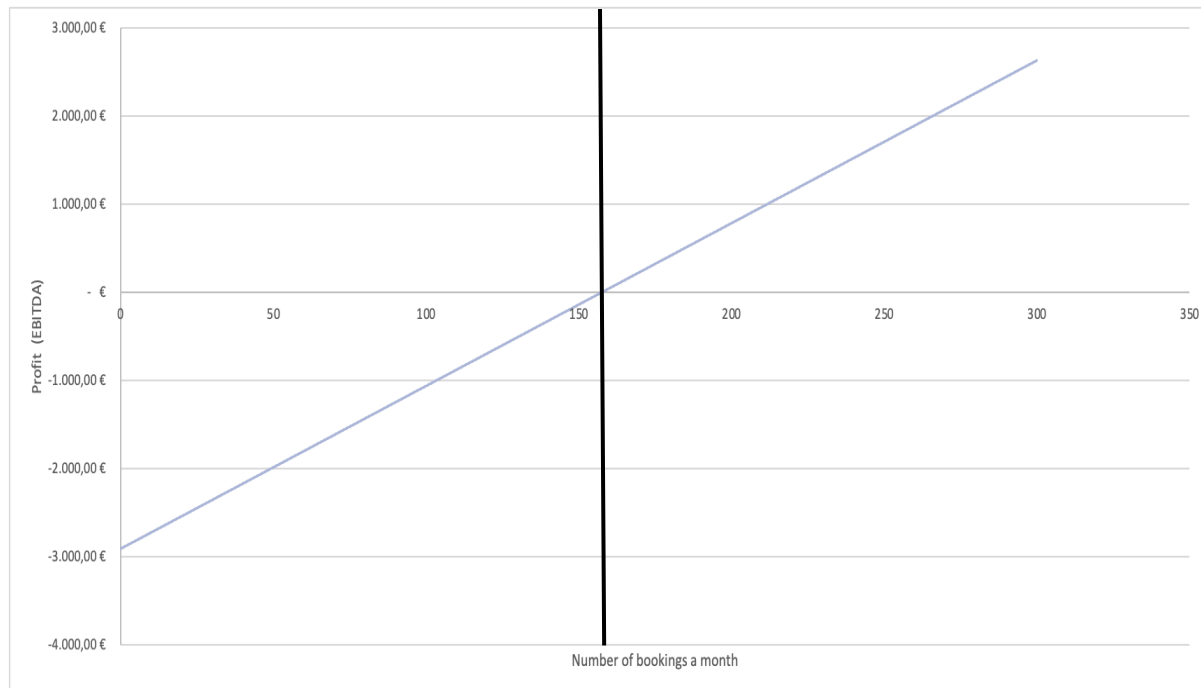

Business Model

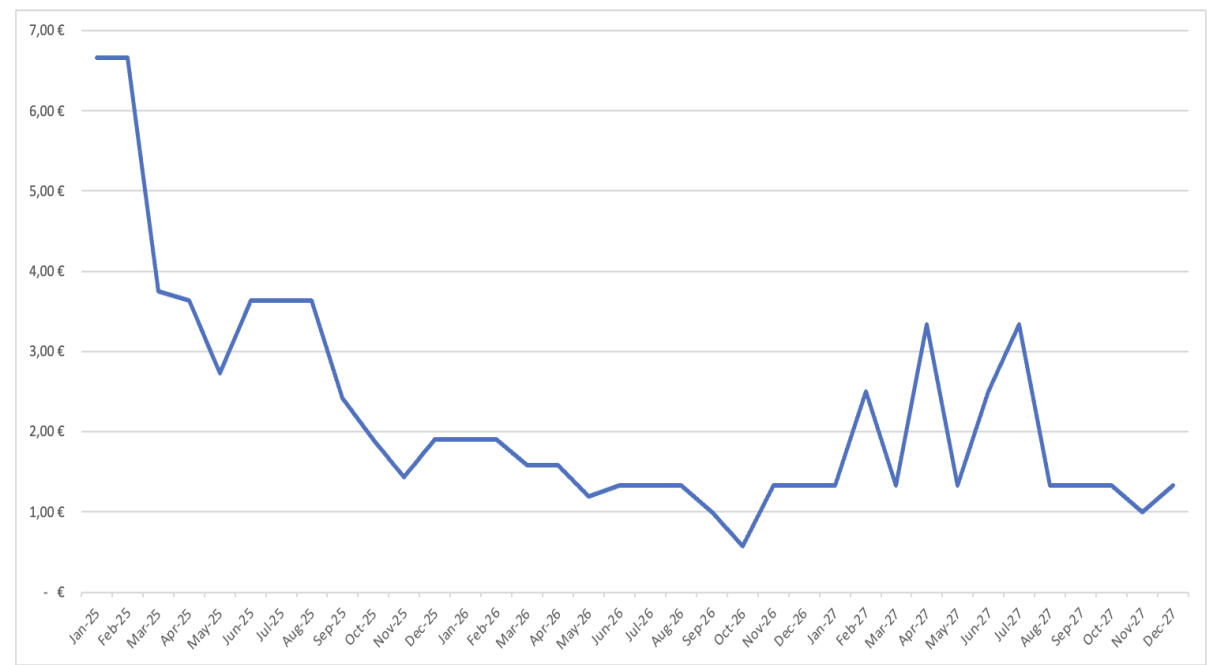

158 bookings a month to break-even ¹

High starting CAC and volatility during high season due to competition and high need for marketing actions

Break-Even Calculation (bookings/month)

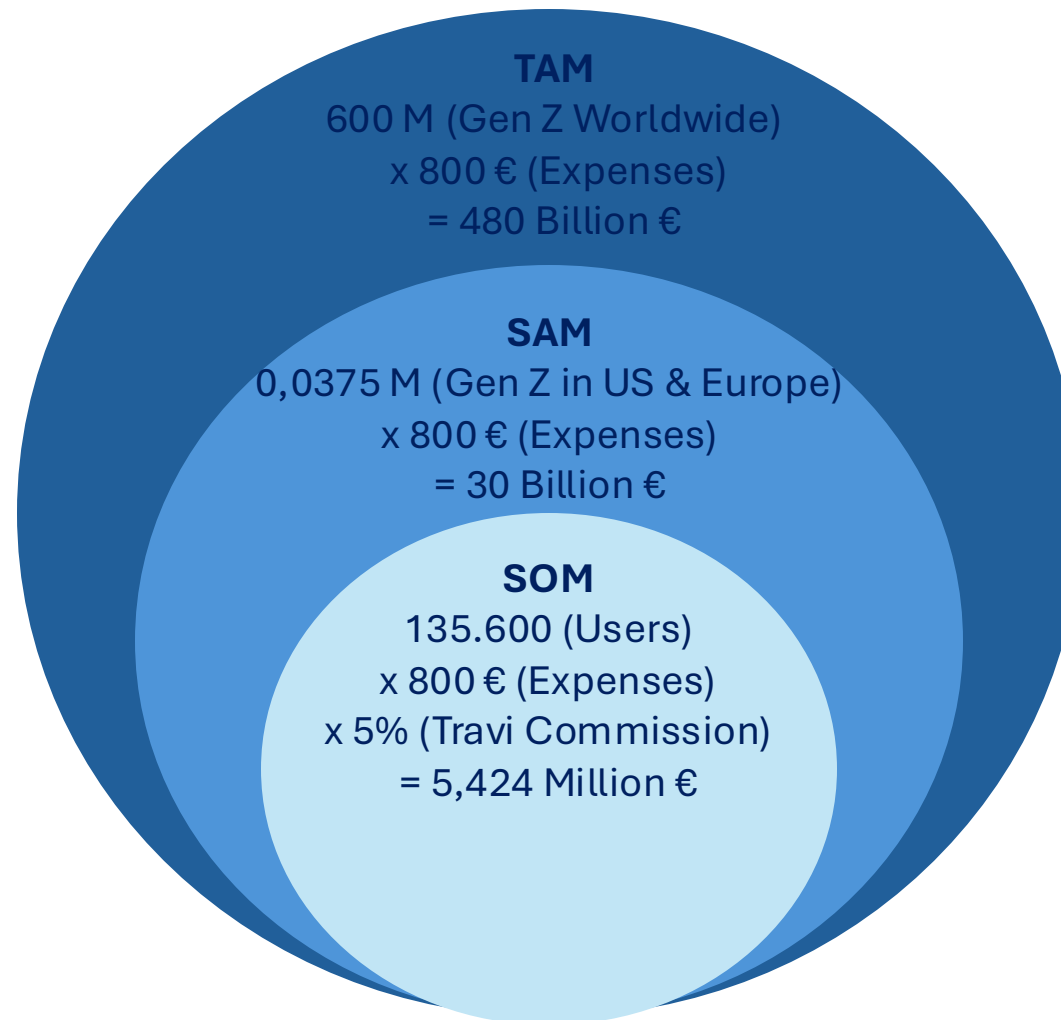

Customer Aquisition Costs (CAC) per booking customer

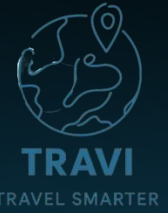

¹Assuptions for break-even calculation: Commission Rate (Travi): 5%; Booking Value/User: 370€; Revenue/Booking: 18,50€; Fixed Costs: 2.920€

Market Size

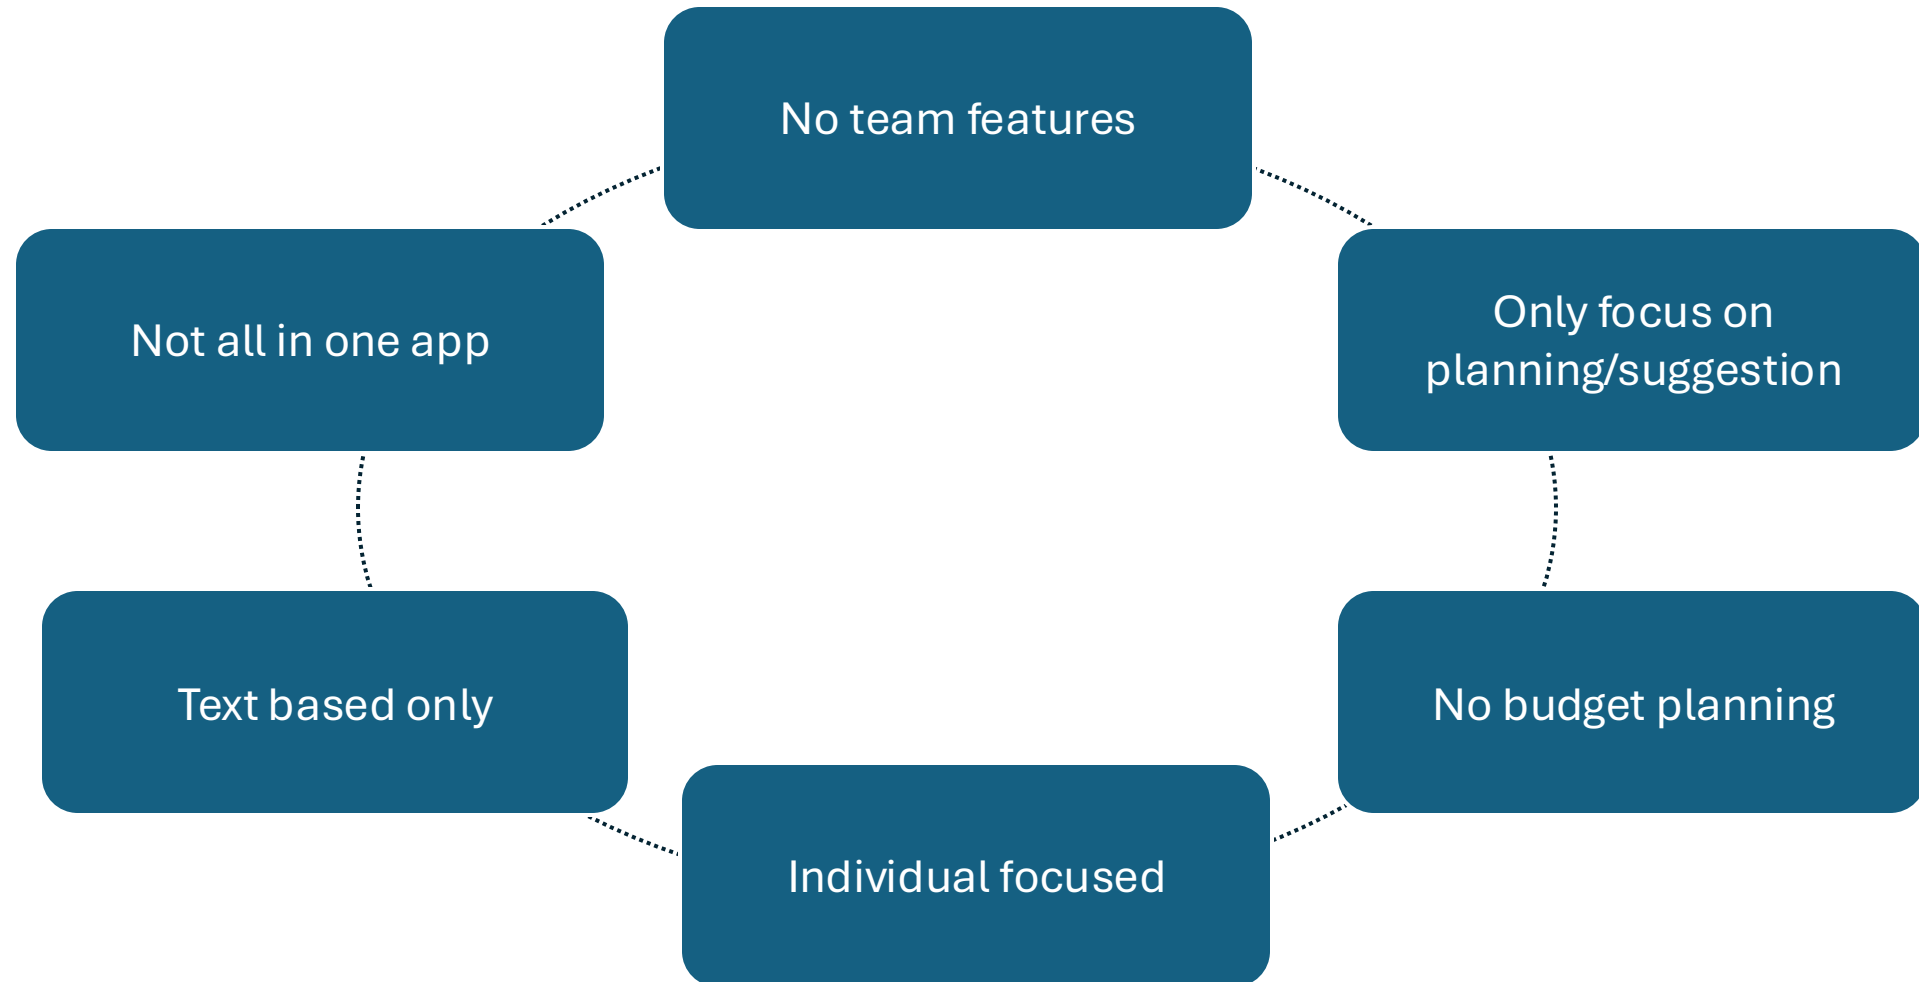

Competition

	Name	Group Planning & Coordination	Playful Inspiration	Integrated Platform	Team communication
